

# Keyboard, Drum and Guitar Classes begin Thursday, September 29, 2011

We're celebrating our second year! Soundwave is an after school program of group music lessons taught by professional musicians at affordable rates. We believe that affordable, quality music instruction should be made available to everyone, especially in light of today's budgetary realities. The Soundwave Keyboard Lab, generously sponsored by Rodgers Instruments of Hillsboro, offers you the opportunity to create and perform music with friends, and to make amazing sounds on state-of-the-art Roland keyboards.

All classes are held on **Thursdays** at Smith Memorial Presbyterian Church, 2420 Fairview Ave (NE 223<sup>rd</sup> between Halsey and Sandy). An asterisk (\*) means there are prerequisites.

## Keyboard class (limit six students per class)

11:00-11:45 am	Beginning keyboard	adults
12:00-12:45 pm	Keyboard improvisation*	adults
1:45-2:30 pm	Intermediate beginner*	adults
3:00-3:40 pm	Beginning keyboard	ages 6-12
3:40-4:20 pm	Beginning keyboard	ages 6-12
4:20-5:00 pm	Intermediate beginner*	ages 6-12

## Snare drum class

3:30-4:15 pm	Beginning snare	ages 8-12
4:30-5:15 pm	Beginning snare	ages 8-12

## Guitar class

3:30-4:15 pm	Beginning guitar	ages 8 and up
4:30-5:15 pm	Beginning guitar	ages 12 and up

Students are expected to have an instrument at home for practice. See the instructor for details.

**Tuition:** \$129 for children's classes, \$169 for adults for 10 weeks includes professional instructor, lesson books, handouts, drumsticks, administration and expenses. This is considerably lower than private lessons. Private lessons are also available by arrangement with the instructor.

**To register: Send in the application and check.** Advance payment of full tuition holds your place in the class.

If you'd like to chat about the program, suggest additional classes or volunteer, call Cynthia at 503-962-9186. For registration, call Carolyn at 503-667-6800.

## Open House and Kickoff Party!

Thursday, Sept. 15

3-5 p.m.

Meet the teachers, check out the keyboard lab, try out instruments and register for lessons.
